A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will not be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulence, but the firm flesh of health.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was weak and nervous. I had been suffering from indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of Golden Medical Discovery from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never grip.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it gets the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send Two 10c stamps for sample to The Herpicide Co., Detroit, Mich.

President's Wife to Upset Social Custom.

A dispatch from Washington says beginning next Tuesday the boudoir Cabinet meetings will be the important event of the feminine world, and surprising innovations are promised.

Last year the mistress of the White House accomplished a change in the personnel of the guests at the Cabinet banquets. Formerly only Cabinet members and their wives broke bread with the President and Mrs. Roosevelt at the round of dinners given by each head of the executive departments. The result was not exhilarating, and when the old order was changed everybody was delighted. Encouraged by this approval Mrs. Roosevelt and her lieutenants, it is said, will attack that ancient bugbear, the "receiving line," at the official reception.

Since the days when Mrs. John Adams welcomed the first New Year's callers at the White House it has been customary for the wives of the Cabinet officers to stand in line after the President's wife, each in the order of her husband's precedence. Now, it is proposed to have the President and Mrs. Roosevelt receive alone, as do the rulers of every country in the world.

The Cabinet hostesses can add much more eclat to the occasion by dispersing themselves among the guests than by standing in a solid phalanx, so rumor says they will adopt this course in future.

It is suggested that in view of the new position which the country holds in the council of nations that the President should unbend toward the diplomatic corps. Hitherto it has been the tradition of Presidents to refrain from accepting any hospitality from the corps, or to visit them at all.

The Emperor of Germany at least once a year dines with the American Ambassador, and the same is true of the British sovereign and nearly all the lesser monarchs of Europe. It is argued, that if the American diplomats are thus honored it would be gracious in President Roosevelt to respond in kind. A vista of dinners and receptions in which the White House and the picturesque foreign corps are brought into such close touch will be of absorbing interest this winter.

It would add greatly to the prestige of the capital as a social center, and be the first step in the reorganization which is inevitable, if the polite world is to keep pace with the political and commercial.

Herd of Whales Milked Every Day.

Professor Muller, of St. John's, N. F., who was the first man to discover that whale flesh could be prepared for eating has now succeeded in domesticating a herd of more than fifty sulphur cow whales, and has perfected an apparatus for milking them.

The milk is fresh and sweet, and peculiarly rich in nutritive and medicinal qualities. The yield from a full-grown whale is from five to seven high-heads a day. It is much thicker and richer than the best cow's milk and possesses a peculiarly pleasant and distinctive flavor which those who have tasted it pronounce superior to any known milk.

Chemical analysis has shown that the milk of the sulphur whale is rich in those products which give to cod liver oil its value as a remedial food.

Professor Muller has invented and patented a process for making leather from the internal membranes of the whale. When tanned and finished, it is of great durability and fine texture.

Besides its superior quality, the whole leather furnishes single pieces of much greater dimensions than it is possible to procure from any other animal. It is possible, according to the inventor, to obtain from a skin of a full-grown sulphur whale a strip of leather about 300 feet in length and three and a half feet in breadth. From the pleural lining a tube of leather twenty-five feet in diameter can be obtained.

Insane on a Train.

Thirty passengers were driven from a coach of the Royal Blue Line express from Philadelphia to New York Saturday by another passenger who suddenly became violent. The train was only 10 miles east of Philadelphia when Abram Isrock, of New York city, leaped into the aisle of the car yelling: "Black, black as night, I'll kill 'em all." Tearing a coal rack down, he threw it at the passenger sitting near him, and then began to pull the plush from the seats. The frightened passengers quickly fled to the other cars and to the platforms, where they watched the work of Isrock. The train was going at a rapid rate when the train crew entered the car and tackled Isrock. Isrock gave the railroad men battle as soon as they entered his car, and the passengers who watched the struggle feared he would prove a match for them all. He fought desperately and with unusual strength, and the train crew overpowered him only after a contest lasting 20 minutes. When Isrock was finally exhausted he was tied up with ropes and trunk straps and brought to Jersey City, where he was placed in a hospital. The attention there was unable to control him, and he was sent to the county jail.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with very bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would bleed after eating and frequently become nauseated. I had an acid discharge and pains down through my limbs so I could hardly walk. It was as bad as I ever knew. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicines fail. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham at Lynn, Mass. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is free and confidential.

Frightful Suffering Relieved. Suffering frightfully from the violent purging of indigestion, C. G. Grayson, of Lulu, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. Sold by E. S. Leadbeater & Sons, drugstore, guaranteed.

Insomnia and Indigestion Cured

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Gibson & Timberman and W. F. Creighton & Co.
